3500 South Lattimore Road, Port Clinton, OH 43452 - (419) 734-1188 - [john@winous.org](mailto:john@winous.org)

## Habitat and Conservation Manager

### **Winous Point Marsh**

**Location:** Port Clinton, Ohio

**Compensation:** \$55,000 annually

### **About the Position**

The Winous Point Marsh Conservancy (WPMC) is a 501(c)3 organization dedicated to the conservation and management of wetlands and wetland dependent wildlife. WPMC maintains 3000 acres of diked coastal wetlands that are managed for a variety of uses, importantly including waterfowl hunting by the Winous Point Shooting Club (WPSC), which is one of the oldest operating duck hunting clubs in North America. We are seeking a hard-working and self-motivated **Habitat and Conservation Manager** to expand our existing staff capacity as it relates to wetland habitat management, conservation program delivery, and fall hunting operations. This position will play a key role in ensuring that our marshes are maintained and managed for both research and conservation uses as well as high-quality waterfowl hunting experiences. Furthermore, development and oversight of conservation grants and agreements will be an important component of this position as they are leveraged to augment our wetland management utilized to produce quality wetland habitat for multiple user groups.

### **Key Responsibilities**

- Work closely with existing WPMC and WPSC management staff to conduct year-round wetland habitat management actions including water level management via water control structures and pumps
- Maintain dikes/levees and associated infrastructure via mowing, brush clearing, levelling, and herbicide application
- Deliver in marsh habitat management practices including moist-soil management and invasive species control
- Write conservation grants and seek outside conservation funding for wetland habitat restoration, invasive species management, and wetland enhancements at Winous Point
- Representing WPMC at professional conservation meetings and in partnership agreements
- Oversee conservation and capital improvement projects including hiring and supervising contractors and suppliers, managing budgets, and post-construction assuredness
- Build and maintain duck hunting blinds, docks, shooting holes and access trails

- Assist the WPSC Manager with fall hunting hospitality and customer service including scheduling and managing guides, kitchen staff, and members
- Assist, as needed, with buildings, grounds, and equipment maintenance

### **Preferred Qualifications:**

- Bachelor's degree in Wildlife Biology or a related field
- 1 or more years experience in wildlife habitat management and/or conservation program delivery

### **Desired Skills**

- Experience with tractors and large equipment, power and hand tools
- Grantsmanship and conservation program delivery
- Background in waterfowl hunting or similar
- Customer service and hospitality
- Boat and ATV operation
- Herbicide and controlled fire experience
- Strong verbal and written communication skills
- Commitment to habitat conservation and land stewardship

### **Compensation and Schedule**

- **Full-time position:** 40 hours per week, some weekend work and long days during fall hunting season
- **Salary:** \$55,000 annually

### **How to Apply**

Interested candidates should submit a cover letter and resume to **john@winous.org**. Any questions about the position can be directed to John Simpson, Executive Director of WPMC and Manager of WPSC (**john@winous.org** or **419-341-5460**). Applications will be reviewed on a rolling basis until the position is filled.
